

A march for melanoma

At Professional Advantage, we try when we can to give something back, and quite often in Sydney this takes the form of charity morning tea events. People throughout the North Sydney office make or bake either savoury or sweet items and deliver them to reception in the morning, and come about 10:30 AM, it's time for everyone to head up to level 16 to gorge on all the home cooked treats. The condition: contribute a gold coin (at least) to the jar for the pleasure of filling your stomach.

This month the focus was Melanoma March, with all donations going towards 'Marching for a Cure' and helping to end melanoma.

A big thank you to all the North Sydney staff that baked and brought, and ate and donated!
