

# IN TOUCH WITH SUN

Hi Emma,

We are interrupting our usual send cycle to bring you this 'special edition' of ***In Touch with Sun***. This is because we have some unmissable consulting packages on offer for a very limited time and we wanted to make sure you were made aware of them!

We have also included a couple of sweet blogs to help you through these unprecedented times.

Don't forget to **tell us your thoughts** by replying to this email.

## [Discounted Consulting Packages.](#)

For a limited time only, we are discounting some of our more requested tweaks to Infor SunSystems, and we have packaged them up to make it nice and easy for you to pick what you require.

Don't waste time thinking about it though, they won't be around for long!

## [Is SunSystems connectivity an issue whilst working from home?](#)

Perhaps your short term fix is causing you long term pain?

Read on to find out the potential causes of connectivity issues, and how a longer term strategy can ease the tension.

## [The latest SunSystems!](#)

It's official, SunSystems 6.4 upgrades are well and truly underway and setting a cracking pace. Last newsletter we gave you early release information on new features, and now we bring you the pros and cons of each of the main versions based on our solid knowledge and experience.
